German Democratic Republic

PRODUCTION AT THE INDUSTRIAL-WORK SCHEFFNER PLAN, MITTERWALDE

The plant employs 15 administrative employees, 100 mechanics (lathe operators, etc.), and 30 truck drivers. It is guarded exclusively by uniformed members of the Peoples' Police, armed with carbines. The plant produces [] types of cases. Apparently they are shell cases for howitzer shells and shells for other heavy weapons.

The dimensions [] for the H 1 type of case are as follows: height-approximately 350 millimeters; diameter-approximately 100 millimeters; thickness-approximately 15 millimeters.

The dimensions of the H 2 type of case are as follows: height-approximately 600 millimeters; diameter-approximately 210 millimeters; thickness-approximately 24.5 millimeters. [] the bases of the shell cases are fitted and welded to the cases. Each base has a hole at the center.
